CREW IS HELD ON CHARGES OF DESERTION

Thirty-Three Deckhands and Firemen of Ss. Wairuna in Vancouver Jail

SAILORS REFUSED TO AID IN UNLOADING

VANCOUVER, Sept. 26 (P).—Thirty-three deck hands and firemen of the Ss. Wairuna, of the Union Steamship Company of New Zealand, were arrested aboard the vessel today by city police, and charged with desertion. They will appear in police court tomorrow.

The arrests were made on warrants sworn out by the master of the vessel after the men had refused to provide steam either to unload the ship's cargo or to return to sea.

A spokesman for the men said they refused to aid in unloading the cargo because Vancouver was classified as an unfair port owing to the longshore strike. One of their number was taken to hospital here shortly after the ship arrived, and the crew refused to take the ship out short-handed, the spokesman said.

CARGO IS DISCHARGED
 The ship's cargo was discharged by members of the Canadian Waterfront Workers' Association, which was recognized by the British Columbia Shipping Federation after a strike was called by the Vancouver and District Waterfront Workers' Association.

Officials of the Union Steamship Company of New Zealand here said the crew had made no objection when the cargo was loaded, although they knew it was destined for this port. If any objection had been made, officials said, the cargo, which was partly perishable, would not have been loaded.

SWEARS OUT WARRANTS
 A company spokesman said the men were within their rights in refusing to go to sea short-handed, but explained that efforts to fill in the crew had been met with refusal by the men, resulting in the captain swearing out the warrants today.

The men were arrested aboard the vessel and taken to the city jail. Officers and stewards are still aboard the ship.

Cincinnati Youths Attack Negro Students and Police Are Called

CINCINNATI, Sept. 26 (P).—Extra police details escorted Negro night school students to and from classes in Cincinnati's West End tonight.

The escorts were assigned following a day of outbreaks between white and Negro students of Oyster Junior High School. Negro children were sent scurrying home under a hail of stones and bricks.

The police were called out after the Joe Louis-Max Baer fight in New York.

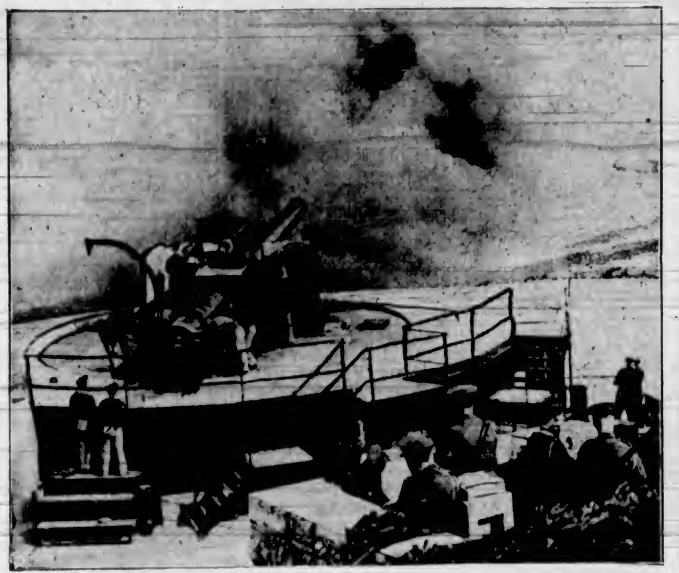

School and police officials agreed that while youths ranging from late teens to early twenties swooped down on Negro children going to and from school, a Negro high school boy was beaten severely late in the day and both races began to gather.

Two men and a woman were arrested for faulting police orders to move on.

CENTRE ON SCHOOL
 Turmoil was centred on Oyster School in the West End, across the Eighth Street viaduct from the downtown section. Around the school the community is white for the most part. Across the viaduct is the principal Negro sector of the city. Approximately 100 Negro children attend the school.

The Negro children fought back when they were set upon. Police cars rushed to the scene, and alarmed parents gathered. The police urged Negro children to go home and stay until Monday.

Malta's Guns Groomed as War Threatens

A picturesque scene at Fort Madelina, on the British Island of Malta, in the Mediterranean Sea, as British artillerymen tried one of the big guns in a recent target practice. England, with the support of twenty other European nations, has notified the League of Nations of her intention to invoke sanctions, if necessary, to prevent war.

Hundreds Killed In Typhoon and Floods in Japan

TOKIO, Sept. 27 (P).—The ravages of a typhoon and floods sweeping Northeastern Japan as far as the northern island of Hokkaido reached the proportions of a major disaster today with the death toll tentatively fixed at 350.

The newspaper Kokumin said the fate of more than 1,000 persons in Ehara Prefecture was unknown.

Hurricane Raging in Caribbean

(Associated Press)
 A tropical hurricane blew up the Caribbean Sea toward Yucatan, Mexico, Thursday night, while Cuba kept a weather eye upon it.

The Mexican National Observatory said the hurricane, whose intensity increased during the day, at noon was 230 miles east of Cape Gracias a Dios, Nicaragua.

Storm warnings were issued to ships in the Gulf of Mexico, and the weather bureau at Jacksonville, Fla., announced that the storm was "of full hurricane intensity and dangerous."

CANADIAN WHEAT WILL BE NEEDED

World Surplus Smallest in Thirteen Years and Bulk of Supply Held in Dominion

WASHINGTON, Sept. 26 (P).—The world wheat surplus this year will be the smallest in thirteen years, the United States Department of Agriculture estimated today.

The wheat supply will be about 330,000,000 bushels less than in 1924-25, due to short crops in Argentina, Australia and the United States.

Department officials agreed that considerable amounts of high-grade wheat to mix with the United States supply would have to be imported during the coming year from Canada.

Crowd Estimated at 250,000 Persons Assembled in Cleveland Stadium to Receive Apostolic Blessing Invoked by Pope in Broadcast—500,000 Take Part in Procession

CLEVELAND, Sept. 25 (P).—A Papal benediction bestowed by Patrick Cardinal Hayes, of New York, on thousands of pilgrims and the Apostolic Blessing, invoked by Pope Pius XI in an international radio broadcast, terminated late today the seventh National Eucharistic Congress.

The Pope's address to an estimated 250,000 persons assembled in and about the city's Lakeside Stadium, followed the benediction service and climaxed a day of piety and solemn ceremonial.

Speaking in Latin, the pontiff invoked a plea for a united prayer for peace, to which he alluded as "that peace so much desired by all—peace to those who are near and peace to those who are far."

His vast audience listened to the voice of their spiritual father in rapt attention. All who were able in the limited space, knelt as the pontiff blessed them.

LIBERALS TO MEET LEADER
 Rt. Hon. W. L. Mackenzie King Is Featured Speaker At Royal This Evening

Right Hon. W. L. Mackenzie King, leader of the Opposition, will arrive in the city this afternoon, and will be the main speaker at a Liberal rally tonight, to be held at the Royal Victoria Theatre, commencing at 8 o'clock. Mr. King will be introduced on the platform by Premier T. D. Pattullo, in proceedings to be broadcast.

Byron Johnson, senior member for Victoria, is expected over from his home in New Westminster, to take part at the meeting, which will be held in the interests of Jack McDowell, Liberal candidate, who will also address the gathering.

B. C. Nicholas, editor of the Victoria Times, will take the chair.

COMPLETES LEADERS
 Mr. King will be the fourth and last of the leaders of national parties now appealing to the electorate to speak here in the present Federal election campaign. He was preceded in turn by Hon. H. H. Stevens, Rev. J. S. Woodsworth and Rt. Hon. R. B. Bennett, the Prime Minister.

The rally at the Royal Victoria Theatre tonight will be the second held by Victoria Liberals at that auditorium in the present campaign. On the last occasion it was Premier Mitchell Hepburn who spoke from the stage. A third rally is to be held at the theatre two days before the date of the poll, as a wind-up to Liberal efforts in this riding.

Speeches at the meeting will be carried by radio over CFCF.

This Union Has Strike Of Its Own

PATERSON, N.J., Sept. 26 (P).—Local 1733 of the Bulk and Rayon Dyers' Federation had a strike of its own on its hands today.

Miss Patricia Cramer, attractive young office worker, picketed union headquarters. She was discharged because she attempted to organize the four workers in the union's office into a local of the Bookkeepers and Stenographers' Union.

AGGRESSION IN DEFIANCE OF COVENANT MEANS ACT OF WAR AGAINST NATIONS

Solemn Warning Given by League of Nations to Italy And Ethiopia

BELLIGERENTS MUST WAIT THREE MONTHS

GENEVA, Sept. 26 (P).—The Council of the League of Nations solemnly warned Italy and Ethiopia today against war.

At the same time it constituted itself into a committee to draft a report with recommendations for settlement of the East African conflict and to consider if "anything further can be done to safeguard peace."

Should either country start hostilities before December 4, the League indirectly warned, it will be considered to have committed an act of war against all League members. This would automatically call for punitive steps.

This came as the Council, by a unanimous vote, from which the Italian delegates refrained, decided to proceed under Article XV of the Covenant. It ruled that this article was in operation as from September 4.

LEAGUE PATROL

One suggestion for a further safeguard for peace was made in informal discussion in League lobbies. It was to send a League air patrol to Ethiopia which could act as "the eyes of the Covenant" along the frontier of the African Kingdom.

Marcel Griaule, French expert on Ethiopia whose report on conditions there was published as a League document, told the Associated Press he planned to submit a aerial patrol proposal to a Council committee tomorrow.

COAL MINERS' STRIKE ENDED

Eastern Workers to Resume Work Tuesday—Decision Affects 400,000 Men

WASHINGTON, Sept. 27 (P).—The Appalachian Joint Wage Conference, early today approved a wage and hour contract that will end next Tuesday the soft coal strike. Union officials estimated that about 400,000 miners quit work last Monday.

The new contract carried wage increases of 9 cents a ton for miners who dig and load the coal, 50 cents a day for those paid by the day, and 10 per cent on yardage and dead-work.

NOT ALL IN ACCORD

A differential scrap in the Southern Appalachian territory made possible that there would be continuation of the strike in Tennessee, Virginia and the Hazard production district of Kentucky.

The Tennessee producers refused to back the new contract without a 40-per-cent differential under the rate of the southern regions, and Virginia and Hazard made their acceptance conditional upon continuation of the regular base rate in Tennessee.

WIDOW CONFESSES TO KILLING HER HUSBAND

DICKINSON, N.D., Sept. 26 (P).—A widow's confession that she had poured a lyse solution down her husband's throat, as he lay asleep beside her following a quarrel, today solved the mystery of the death of Anton Kains in his Dinn County farm home last May.

A few hours after she confessed, Mrs. Anna Kains, fifty-nine, of Manning, was sentenced to a life term in the state penitentiary.

World Watches Mussolini

Responsibility for plunging the world into war is now placed squarely before the Italian dictator by the League of Nations, which has warned him that an attack on Ethiopia in defiance of the Geneva covenant, will constitute an attack on all member nations of the League.

Admiralty Silent on Reports That Great Britain Intends to Notify Signatories to Washington Treaty of Decision to Launch Big Programme—Considered by Experts

LONDON, Sept. 27 (P).—The British Admiralty neither confirmed nor denied press reports early today that Britain intends to send a note to signatories to the Washington naval treaty during the week-end, announcing that Britain intends to expand her navy.

LEAVE OTTAWA ON WAY HOME

Lord and Lady Bessborough Say Farewell to the Dominion

OTTAWA, Sept. 26 (P).—To the strains of "Auld Lang Syne" and the last good-byes of thousands of Ottawa's citizens rising in their ears, the Governor-General and Lady Bessborough today departed for England.

Standing on the rear platform of their railway car as it drew out of the Union station, their Excellencies and their Canadian-born son, the Hon. George St. Laurent, Neillville, P. E. I., waved to the assembled multitude.

The Governor-General was obviously stirred by a deep emotion. His eyes glistened with tears.

CROWD AT DEPOT
 In the early afternoon a large crowd began to assemble in the vicinity of the station. It was a dull grey-day, with overcast skies, sultry and humid. This contrasted with the brilliant sunshine which had greeted Lord and Lady Bessborough when they arrived in Ottawa to take up their duties four and a half years ago. But all the glitter and pomp which such an official occasion evokes in the Capital were present today as they were then.

Within red carpets stretched from the stairway to the waiting special train, the pathway ending in a platform up to which was backed the car which will take their Excellencies to Quebec. They will leave Quebec on Saturday afternoon.

Gathered along each side were figures in Ottawa's social life, diplomats, soldiers, naval men and air force officers.

London Looks for Deadlock Between Italy and League Within Ten Days

ROME IS DEMANDING FREEDOM OF ACTION

LONDON, Sept. 26 (P).—The deadlock between Premier Mussolini and the League of Nations must come within the next ten days, it was predicted in some official quarters today, the break coming with Italy's resignation from the League and the simultaneous push of its armies into Ethiopia.

Despite the League of Nations' actions in placing the Italo-Ethiopian deliberations under Article XV of the League Covenant, official Britain saw no hope that it would hold his East African legions in check until December.

Other Foreign Office officials clung to the hope that Mussolini will finally be overruled by the gravity of this East Africa adventure and make some olive-branched gesture to the League at the last minute.

"Today's development is one of the most important ever taken by the League," it was declared in an authoritative quarter. "The British Government regards the action without surprise or fright."

ROME'S ATTITUDE

ROME, Sept. 26 (P).—The League of Nations' proposal for a three months' truce between Italy and Ethiopia got a cool reception in Rome tonight and "freedom of action" was the official watchword.

A Government spokesman reiterated the Ethiopian problem is for Italy, not the League, to solve. Italy has "been very patient" while the League council sought a solution, he said, but he rejected the idea that Italy, by "listening" to Geneva, in any way has surrendered what she considers her right to act as she sees fit.

Since Premier Mussolini may answer the League's proposal in his own graphic words after a Cabinet meeting Saturday, officials avoided any emphatic rejection of the truce idea.

CONVICTS FOUR ON RIOT COUNT

Assize Court Jury Gives Verdict Against Longshore Strikers at Vancouver

VANCOUVER, Sept. 26 (P).—Three men and one woman were convicted today by an Assize Court jury on charges of rioting in connection with a clash between striking longshoremen and their sympathizers and police at Ballantyne Pier on June 18.

Two of the accused, Tony Morelli and Mrs. Alice Turner, were acquitted on a second charge after being members of an unlawful assembly, but Jack Hughes and Alex McLeod were convicted on both counts.

All four were remanded to the end of the Assizes for sentence.

LED IN PARADE

In his charge to the jury, Mr. Justice Denis Murphy stressed evidence showing Hughes and McLeod, despite the fact they knew there was an armed force on Ballantyne Pier, which would oppose any attempt to get onto the docks, insisted in leading a parade there.

Hughes and McLeod are longshoremen. Morelli is a young man living near the docks, and Mrs. Turner is the middle-aged mother of six children.

Wheat Producers Saved Millions by Government Policy

Prime Minister Tells Saskatoon Audience Farmers Benefited to Extent of \$150,000,000—Provincial Elections No Criterion for Federal

SASKATOON, Sept. 26 (P).—A vote against a Government candidate in the forthcoming general election would be a vote against the wheat policy, "which has saved Western farmers \$150,000,000," Prime Minister R. B. Bennett told a Saskatoon mass meeting here tonight. Seldom, he said, were people given such a clear-cut issue.

Again Mr. Bennett scored the platform statements of Saskatchewan's Premier Gardiner on his Maritime tour, directed against the Wheat Board legislation, "while Mr. King was telling you here that the Liberals were responsible for that legislation." He was glad there was to be a test of public opinion on this question, Mr. Bennett said, and he was confident of the verdict.

All parties in Canada had a

Warren K. Billings Tells Court He and Mooney Not Guilty

Says They Were "Framed" by Private Detective for San Francisco Bombing—Once Accused Labor Leader Explains Chemicals

SAN FRANCISCO, Sept. 26 (AP)—Warren K. Billings added his voice today to the cry that he and Tom Mooney were "framed" by a private detective for the 1916 San Francisco Preparedness Day bombing.

Testifying in Mooney's habeas corpus hearing, the little Folson life termer said Martin Swanson, special agent for a public utility, had approached him four days prior to the explosion and asked him to appear against Mooney in connection with the bombing of a power line involved in labor trouble.

Billings said he refused and Swanson became angry. When arrested as a suspect in

the bombing but who never was brought to trial, should be out an explanation of the fact that chemicals which police had taken to be bomb materials had been found in the cellar of his home after the parade blast.

The prosecution originally theorized that the bomb, which killed ten and injured forty, was fashioned in Nolan's cellar and planted by Mooney and Billings.

Police, searching the cellar, said they found some "salt peter"—a substance that looked like black powder and another chemical.

The "salt peter," Nolan testified today, was epsom salts.

USED IN WELDING
Nolan, like Mooney, an iron moulder, said the powder was a trade material used in welding.

"I want you to know that all these things in the basement were mine," Nolan shouted, and they can't be hung on Tom Mooney. They (police) didn't ask me about the materials. They just jumped to the conclusion they were salt peter, powder, etc. They just wanted to indict somebody in this case and they did."

"But they grabbed me and buried me in jail for eight months without giving me a chance to explain."

in attaining their ends were comparatively few in Canada. Mr. Bennett said, about 70,000 strong. "But their influence is felt in almost every part of the Dominion. Our responsibilities are greater because of that fact. We must think and function to the end that our institutions will command the respect and loyalty of all classes."

"There were those who would say the results of provincial elections gave an indication of the trend of Federal politics, but Mr. Bennett asked his hearers to believe that provincial affairs had nothing to do with the Dominion general election. Mr. Bennett asked his audience to try to envision the great problems of government in a country the size of Canada. Problems of relief, monetary and credit matters and the preservation of Canada's good name throughout the world had occupied the Government."

ASKS FAIR STUDY

"I ask only a just, reasonable and fair consideration of what we have done and what we propose to do," Mr. Bennett told the mass meeting audience. "If after that fair study of our policies you think some other party has better ones, then you must vote for them and I will have no quarrel with you."

Turning to trade matters, Mr. Bennett compared the policies of his Government with those of the Liberal party. He had been accused of dominating the Imperial Conference.

"I am neither domineering, dominating nor defiant," Mr. Bennett said, "but I know what I want. Mr. King says we should not bargain. The proper way, he says, is to lower Canadian tariffs and watch other countries do the same thing. My friends, haven't you lived long enough to see how foolish that is?"

U.S. NEGOTIATIONS

Failure to enter earlier into negotiations for a treaty with United States had been the fault neither of himself nor President Roosevelt, Mr. Bennett declared. The United States Congress had given the President power to negotiate in June of 1934, and the work had been going forward as rapidly as possible since that time. Referring to what had been done for export service men by successive Governments, Mr. Bennett quoted Colonel J. Ralston, former Minister of National Defence, as having declared that it was unfair to compare benefits given by parties to returned men.

"I agree with what Colonel Ralston said," Mr. Bennett continued, "and I ask you not to permit this subject becoming a matter of party controversy. Punish justly the man who would make political capital of a matter of this kind."

J. T. M. Anderson, former Premier of Saskatchewan and now Conservative candidate in Saskatoon, told the meeting there was no alliance between the Social Credit party and Conservatives.

ROOSEVELT TO SPEAK IN WEST

President Will Visit Coast And Make Four Speeches En Route

WASHINGTON, Sept. 26 (AP)—A transcontinental jaunt bearing speech-making omens of 1936's campaign furore drew President Roosevelt westward tonight toward a Pacific vacation cruise.

Four talks, two over nation-wide radio hook-ups, were scheduled for the White House. The New Deal chieftain will pause in the heart of the Midwest grain belt Saturday to make an informal address to farmers at Fremont, Neb.

Political minded looked for a discussion of the agricultural adjustment administration, termed "problem" in the Western G.O.P. outlook.

Then at Boulder Canyon Dam on Monday it was expected Mr. Roosevelt will outline his views on the power issue, which has shown evidence of developing into a major issue at the 1936 polls.

With this behind, Mr. Roosevelt looked for a leisurely twenty-day fishing cruise down the Pacific Coast and through the Panama Canal to the Atlantic.

commended by Trustee W. C. Moreby, K.C., for their efforts, and also by Trustee W. T. Strath, who brought the matter up at the meeting.

Trustee Strath pointed out the urgent need for such traffic signs, and instances of how accidents might have been avoided if care had been taken by motorists, who were given sufficient warning. He expressed the hope that all schools would be similarly protected as those on Yates Street, namely, the Boys' and Girls' Central.

SUSPECTS MAN WAS MURDERED

Provincial Police Officer Reports Wound on Body Found on Island

Finding of a body, washed up on the shore of South Pender Island and believed to be that of Thomas Carruthers, former accountant at the Yale Hotel, 1304 Granville Street, Vancouver, who has not been seen for more than a month, sent Provincial Police officers to the island to investigate a possibility of foul play.

It was reported to police headquarters here that on the body were marks indicating a bullet wound in the region of the heart, which gave rise to a suspicion the man may have been murdered. Further inquiries are being made by Sergeant D. O. Tweedhope, Provincial Police officer stationed at Ganges, and it is possible an autopsy will be performed.

The condition of the body indicated death had occurred probably weeks previous.

HAVE NO DETAILS

Provincial Police headquarters here, late last night, stated no further particulars had been received from Sergeant Tweedhope, and no complete report was expected until some time today.

The body was found by Game Warden Walker while on patrol of the south shore of South Pender Island, one of a group of islands on the east coast of Vancouver Island. Inquiries in Vancouver disclosed that one Thomas Carruthers was employed as an accountant at the Yale Hotel, but he had not been seen since he left the hotel about a month ago.

BOARD SUPPORTS SAFETY MEASURE

School Children Will Be Protected On Way to Classes—Committee Making Test

Steps have been taken by the building and grounds committee of the city school board to protect the lives of children on their way to school, it was learned at yesterday's meeting of the board.

Traffic signs on Yates Street have been painted and the motorists warned to drive slowly. Work or putting down the warnings has not been completed, but upon completion the committee will study its effect with a view to recommending that similar precautions be taken in all school areas.

Trustee Perry George said that the members of his committee, Trustee C. R. Bishop and Trustee Kenneth Ferguson, had gone ahead with the work more or less without the full sanction of the board, but he felt that the board would endorse their action. The committee was

D. B. Plunkett Points to \$700,000 in Federal Undertakings in Victoria

By construction of the drydock, breakwater and ocean pier under a former regime, and now through the release of plans that mean \$700,000 worth of new construction in Victoria and vicinity, Conservative minister at Ottawa had been foremost in taking care of the interests of this city, D. B. Plunkett, Victoria Conservative candidate, declared at a meeting in Victoria West School last evening. Harry Stanley presided.

Outlines Work Detailing the nature of work already ordered, or prepared for, in this area, Mr. Plunkett said the central Federal Building would cost between \$350,000 and \$500,000, when completed. The hydrographic warehouse, built at a cost of \$50,000, would insure to the city the headquarters of this extensive Federal service for all time. Plans under way for a new drill hall at Esquimalt and for naval offices called for the expenditure of \$80,000 further. In addition, the Victoria postoffice had been completely renovated and brought up to date in its facilities for the public.

Of material interest in present Government policies, he continued, was a plan under which up to \$1000 would be loaned to fishermen willing to settle on Vancouver Island, and build permanent homes. This and the home loan plan, whereby 5 per cent money would be made available for construction, were policies of practical assistance to a wide section of the people.

W. H. M. HALDANE
W. H. M. Haldane sketched out three major issues he said were facing Canada now, trade, unemployment and debt. By use of the

tariff for bargaining purposes, and by the making of trade treaties, the Government had turned an unfavorable trade balance of \$103,000,000, into a favorable balance of \$152,000,000, a betterment of \$255,000,000 between 1930 and 1935, the worst years of the depression.

The first to recognize unemployment as a problem in Canada, the Prime Minister had called a special session of Parliament and voted \$20,000,000 for its relief immediately after his election in 1930. Large sums had been added since then. Apart from those on direct relief, there were now as many persons employed in Canada as had been at work in 1929, Mr. Haldane said.

Federal refunding had already saved \$16,000,000 annually for the people; together with a concurrent reduction in bank rates and through special assistance to farmers and other. This was to be carried further ahead, Mr. Haldane concluded.

W. A. MCKENZIE
W. A. McKenzie charged that Mr. King, while in office for nine years up to 1930, had taken an aggressive U.S. tariff policy against Canada lying down. Canada's trade to the United States in cattle, apples, wheat, wheat flour, oats, hay, fresh beef, milk, cheese and a host of other items had been cut to negligible proportions between 1921 and 1930. That had been the policy of laissez faire.

It was the Ottawa agreements and the Bennett policies that had restored the trade of Canada with British countries. Mr. King stood pledged to "review" these agreements, after having voted against them in the House, with all his party, Mr. McKenzie continued. As a result of the Empire treaties 82,000 additional men had gone to work in the woods in Canada.

Dealing with C.C.F. promises of the vote for Orientals, Mr. McKenzie challenged Prof. J. King Gordon to support the stand of his leader on that issue. This was essentially one issue where the West knew what it wanted, he concluded.

Driver Sets New Record

Captain George E. T. Eyston, of England (top), packed his giant red racing car for a return to his homeland, after setting a new twenty-four-hour world record on the Bonneville salt flats, the same place where his countryman, Sir Malcolm Campbell, topped the 300 m.p.h. mark in a straight run. Captain Eyston's average speed was in excess of 140 m.p.h., exceeding the standard of Ab Jenkins, Salt Lake City driver, who made 135.47 m.p.h. for the twenty-four-hour run.

FEAR TO ALTER CONSTITUTION

Alan Chambers Speaks at Hampton and St. Mark's Halls on Liberalism

Federal authorities have been unwilling to handle unemployment upon a national basis, because it would have involved changes in the B.N.A. Act, Alan Chambers, Federal Liberal candidate for the Nanaimo riding, told an audience at Hampton Hall last evening. Arthur E. Humphries presided.

Mr. Chambers believed all other problems of Canada would disappear when means were found to cope with unemployment, stating that the Federal Conservative Government had done little to alleviate the problem during the past five years.

Liberal plans, he said, included modernization of the B.N.A. Act, permission for organized labor to sit upon the directorate of large corporations, reviving the Anti-Combine Act and giving it teeth, abolition of relief camps, lowering of tariff walls to provide cheaper goods, Federal control of securities issued by Canadian companies, imposition of an excise profits tax, and reduction of interest rates, on public debt.

ILLUSTRATES TARIFFS
Illustrating high tariff walls, Mr. Chambers related how a certain make of automobile assembled from United States parts in Canada cost \$350 more than the same machine at Seattle. Freight rates and duty accounted for some of the price spread, but the discrepancy in cost mainly helped to line pockets of Eastern automobile magnates, he stated.

Speaking later at St. Mark's Hall, Mr. Chambers declared that the Alberta victory in Alberta was a sure sign that residents of Canada were ready for monetary reform. He was interrupted constantly by a number of C.C.F. followers who sought to ask questions before the end of the meeting.

"Nations are beginning to realize that they cannot live unto themselves," said Mr. Chambers, maintaining that tariff walls erected in Canada had done the country more harm than good. He believed that Canadians were taxed to death to provide for a top-heavy system of government.

URGES COMMON SENSE
He thought the time had come for the infusion of common sense into public affairs of the Dominion, and urged all present to support men who were prepared to rationalize the system of government and pave the way to basic recovery.

Trustee W. T. Straith asserted that several concerns desirous of establishing moving picture studios here had been "frozen out" by the prohibitive customs duty upon equipment, imposed by the Bennett Government. Giving an illustration, he said that a camera worth \$1,500 in the United States was appraised at \$3,000 at Victoria, and assessed duty of 50 per cent in order to protect an obscure concern in Montreal.

"The Chamber of Commerce will welcome with open arms any bona fide moving picture business," stated Mr. Straith, "but the Conservative Government continues to penalize Vancouver Island."

Robert Noble presided.

Seeks Refund on Old Rail Ticket
EDMONTON, Sept. 26 (P)—A man in Los Angeles is seeking \$112.25 refund on a railway ticket he purchased in Edmonton twenty-one years ago. "I didn't use it, how about a refund?" he wrote to the local agent of the Canadian National Railways. His request, along with the ticket, has been forwarded to Winnipeg for judgment.

CONFLICTING TESTIMONY
H. F. Howard, of the C.P.R. service, and George Mackenzie, who watched the events from the sidewalk, corroborated the evidence of Mr. Sutton as to his having put out his hand to show he was making the turn and that the accused had jumped on the running board and struck him. Walter Scott, who was in the car with the informant, also bore out his statements and said he (witness) pushed the accused off the running board when the latter began striking Mr. Sutton. The accused also tried to turn the car to the side of the street by taking hold of the steering wheel, witness testified.

James Walsh supported the story of the accused and G. J. Ross, sixteen years of age, also corroborated it, but he said in cross-examination that the accused took about ten steps to get to the running board of the car, and he also thought that the accused struck the informant about ten times.

The case will be continued at 10 o'clock this morning.

P. & O. Line to Continue Routing Ships Via Canal
LONDON, Sept. 26 (P)—The Peninsular & Oriental Lines, forming Great Britain's main steamer link with India through the Mediterranean, announced officially today it was not cancelling Mediterranean passage unless directly ordered to do so by the Government.

A dispatch from Singapore said the Royal Dutch Line had announced it was routing its ships by way of South Africa instead of the Suez Canal. Shipping companies said the change in routing was due to the high war risk insurance premiums asked for the Suez.

STATES SOCIAL CREDIT POLICY

P. E. George Asserts He Adopted Proposal as a Personal Matter Only

"I sincerely believe that the Hon. H. H. Stevens and the majority of the candidates of the Reconstruction Party have very strong leanings towards Social Credit and the national dividend, but so far I have been unable to secure anything definite from our leader," declared Percy George, candidate for the Reconstruction party in the Victoria, in reply to a question at his meeting last night at Oaklands School.

By signing the pledge endorsing Douglas Social Credit, Mr. George stated it was a personal matter with him, as he had been a student of Social Credit for the past four years. He also stated he did not see how the Abernethy plan would work out in Alberta, but thought the scheme might be possible as a national undertaking.

Mr. George made a very careful outline of the declaration of policy of the Reconstruction party and reviewed a number of the proposals advocated by Mr. Stevens for the betterment of conditions in Canada. He also reviewed at some length the incidents leading up to the break between Mr. Stevens and the Prime Minister over the published report of the findings of a House committee, and the sacrifice of a Cabinet position and a possible senatorship to lead the new party in the present election campaign.

Referring to other candidates in the campaign here, Mr. George said they were simply delegates to Ottawa to do the bidding of their respective groups. He characterized them as "rubber stamp candidates." The issue in this election, Mr. George stated, was between the people of Canada and a group of financiers who were running the affairs of the country. He mentioned briefly the position of the farmers, conditions in the boot and shoe industry, mass buying and the sweat-shop conditions existing in various parts of the Dominion. He declared if Mr. Stevens was given the power he would remedy the conditions by enacting legislation to implement the report of the Royal Commission on price control.

NANAIMO CANDIDATE.
Aubrey M. Clark, Stevens' Reconstruction Party candidate for the Nanaimo riding, was introduced and spoke briefly. He believed, he said, that both parties, Liberal and Conservative, had been running their duty towards the people of Canada. Concerning the Empire trade agreements and the Ottawa conference, Mr. Clark declared the Liberal leader had been putting a flagrant sectionalism at the time of the conference in refusing to aid Mr. Bennett in his endeavors to negotiate.

R. S. A. Jackson also spoke in support of Mr. George and gave a summary of some of the proposals of the Stevens party. He maintained that Mr. Stevens was definitely trying to assist the "collar" workers in Canada, and would assist and encourage men to work for their work. He mentioned the value in the development of the natural resources of the province, unemployed to work, and estimated that 80 per cent of the present unemployed would be back at work in the first year of a Stevens Administration.

James Small was chairman, and Herbert Boothman, secretary, made an appeal for support of the movement morally and financially.

BELLIGERENTS MUST WAIT THREE MONTHS

Continued from Page 1
Article XVII of the covenant, which provides that the council shall try to settle disputes. If it is unsuccessful, it will make a report. Article XVI warns that if a League member resorts to war in disregard of Articles XII, XIII or XV, it has committed an act of war against all members.

The first paragraph of article XII asserts: "The members of the League agree that if there should arise between them any dispute likely to lead to a rupture, they will submit the matter either to arbitration or to inquiry by the council, and they agree in no case to resort to war until three months after the award by the arbitrators or the report by the council."

FRENCH STAND
Deep significance was attached to a brief speech by Premier Laval of France in which he said France would support application of the League Covenant in "its letter and spirit."

The Italian delegation marched down the steps and out of the building in a body after drinking the toast. Thus they continued a policy of not participating in discussions when the Ethiopian representatives are present. By refraining from voting Italy also contended she thus maintains freedom of action.

PREPARING REPORT
—GENEVA, Sept. 26 (AP)—The Council of the League of Nations will meet tomorrow to begin its arduous task of preparing a report and recommendations in the dispute between Italy and Ethiopia. First it will consider the request from Emperor Haile Selassie that observers should be sent to the Ethiopian frontier to establish the facts in event of any aggression and to fix responsibility. The frontier is long and difficult to follow.

He will return to Geneva Wednesday or Thursday.

DOOR STILL OPEN

While the council considers its report, the Five-Power committee—Great Britain, France, Spain, Poland and Turkey—will continue available in case of any new possibility of conciliation. The committee, however, is not charged to make any new offer nor is there any suggestion before the council of negotiating outside the League.

One sentence in the statement of Eden to the council this morning has given rise to much speculation. He said: "While the work of drawing up a report is in progress, the Governments will have an opportunity to consider whether, and if so how, anything further can be done to safeguard peace."

What the British Minister for League Affairs had in mind, it was stated in British circles, was the Ethiopian invitation to send observers to Africa, and any similar question which might arise during the council's deliberations.

ARE HAPPY AT FARM SCHOOL

Young People From British Isles Delighted With New Home at Duncan

It was a joyous band of child immigrants from Great Britain that recently took possession of their new home, the Fairbridge Farm School at Cowichan Station, near Duncan.

The twenty-seven boys and four girls, between the ages of eight and twelve years, are the first of some 250 who will eventually be housed at the farm school. They will be the wards of Major Maurice Trew, who will act as both headmaster and teacher at this school, the first of its kind to be established in Canada.

From Vancouver, the children crossed by boat to Nanaimo, where they and their guardians were met by P. B. Fowler, chairman of the local committee. Buses were used to transport them to Duncan, where they were greeted by Major H. Cuthbert Holmes, deputy chairman of the local committee.

CHILDREN HAPPY

On return to Victoria yesterday Major Holmes said: "The children were supremely happy on their arrival. As the buses arrived in Duncan, the children were cheering and otherwise showing their delight at reaching their new home."

"I was amazed at the vigor they displayed and their alertness after the long journey. They trooped out of the buses and romped about the farm grounds to their hearts' content. It was good to see the children so happy."

THREE HURT IN TWO ACCIDENTS

Vancouver Boy Falls Off Truck—Two Youths on Bicycle Collide With Automobile

VANCOUVER, Sept. 26 (AP)—Three Vancouver youths are in hospital in a serious condition, as the result of two separate accidents in different parts of the city tonight.

Harold Sanford, sixteen-year-old youth of West 16th Avenue, is said by police to have been riding on the back of a truck and fell, striking his head on the pavement. He suffered a possible fractured skull and other injuries.

Arthur Galbraith, fourteen, and Harold Stride, fourteen, both suffered possible fractures of the skull during the civil war, Indian fighter and author, died at his home here today.

WAS LINCOLN'S BODYGUARD
CAMDEN, Mo., Sept. 26 (AP)—Colonel Robert G. Scott, ninety, a member of Lincoln's bodyguard during the civil war, Indian fighter and author, died at his home here today.

DEFINES STAND ON PROTECTION

"Business Must Serve the People," Declares Reconstruction Party Leader

PETERBOROUGH, Ont., Sept. 26 (AP)—In a sentence Hon. H. H. Stevens, Reconstruction Party leader, tonight summed up his attitude on the tariff. "I would be glad to extend to an industry reasonable protection provided that protection is passed on to the workers in the form of decent living wages."

The tariff reference of the Reconstruction Party leader came near the close of a speech, his second day. In the afternoon he had spoken at Cobourg.

"I was amazed at the vigor they displayed and their alertness after the long journey. They trooped out of the buses and romped about the farm grounds to their hearts' content. It was good to see the children so happy."

ATTACKS PACKERS
When Minister of Trade and Commerce he had "sat in" at a conference between his officials and officials of the agriculture department. Hon. Robert Weir, Minister of Agriculture, had been present. "Also in attendance was Mr. Todd, of Canada Packers' Limited—his nominal title is secretary of the Packers' Association, but he's really Stanley McLean's man Friday."

He and his officials at the conference had protested, Mr. Stevens said, against inclusion by the packers of livestock back for export. They had fought for putting only the two highest grades—in class "A." But Mr. Todd and another representative of Canada Packers had "induced" on continuing their practice and Mr. Weir bowed to their demand. The livestock branch of the agriculture department is run by Canada Packers, Limited. Its real minister is Stanley McLean.

Mr. Stevens said "the banks have lots of money for those on the inside" but in many cases they could find none for men who wished to carry on legitimate business which would put men to work.

DENY MUTINY REPORTS
LONDON, Sept. 26 (AP)—Reuters News Agency reported tonight that Lithuanian authorities had denied German press reports of a mutiny in the Lithuanian Army. The authorities were quoted as saying only police had been sent to quell peasant rioting, and asserted they knew of no mutiny among the police.

REPORT DISORDER IN MEMEL AREA

BERLIN, Sept. 26 (AP)—Reports of an army mutiny and a farmers' strike in the Memel territory, were highlighted in the German press today, as part of the alleged unrest preceding Sunday's elections there. The Memel mutiny for members of the Landtag, the territorial legislative assembly, was seized upon by the press as an incident analogous to the Saar plebiscite. The Memel mutiny was reported in official news agency dispatches from Eydtkunnen, on the Memel border.

Children's Farewell Is Boisterous

OTTAWA, Sept. 26 (C.P.)—Master William Herdridge, three-year-old son of Canada's Minister to Washington and nephew of the Prime Minister, furnished great entertainment today to the waiting throng that jammed the railway station to bid farewell to the Governor-General and Countess of Beasborough.

Liberating himself from the care of his nursemaid, the little chap insisted on clambering all over the carpeted platform from which the Vice-Regal was to entrain. He ducked in and out of the Vice-Regal car, enjoying himself thoroughly.

The big moment came when four-year-old George St. Lawrence Neufville Ponsonby arrived on the scene. With artless dignity their Excellencies greeted Master William; but the latter, with complete abandon and unconscious of the amused hundreds, threw his arms around George's neck and hugged him in transports of great affection.

The demonstration was repeated amid gales of laughter until the youthful son of the House of Ponsonby, with every manifestation of tolerating no "rough-house stuff," extricated himself and sought refuge with his nurse.

Future meetings will be on Wednesdays instead of Tuesdays. Mr. Jack Dobson was appointed delegate with Miss Eileen Lox to the provincial A.Y.P.A. conference to be held in Vancouver on October 19 and 20. Mr. Dobson, Miss "Pat" Dwyer and Miss Eileen Bonnell will act as a committee to work with the W.A. in arranging a congregational supper. The missionary committee is to secure canvassers for the British and Foreign Bible Society. Efforts to organize an A.Y.P.A. badminton club are being strangled to death.

HORSNELL—RUSSELL
QUALICUM BEACH, Sept. 26.—At the United Church this morning a quiet wedding took place, with only immediate relatives present, when Rev. J. A. Petrie united in marriage, Minnie Eleanor Russell, of Coombs, to Mr. Stanley Horsnell, of Errington. The bride was given away by her father, Mr. Frederick Russell. Mr. and Mrs. Horsnell left on a short trip to Victoria and the Mainland.

MORGAN—SEABROOKE
At St. Matthew's Church, Langford, the marriage of Annette Roads, eldest daughter of Mr. J. I. Seabrooke, and Mr. Thomas Morgan, son of Mr. and Mrs. S. Morgan, of Nanaimo, took place on Monday evening. Miss Josephine Irene Seabrooke, sister of the bride, was bridesmaid, and Margaret Burns, of Victoria, was the flower girl. The groom was supported by his cousin, Mr. Thomas Ridley, of Nanaimo. Mr. H. Merry presided at the organ. After the ceremony a reception was held at the "Wishing Well," Island Highway, the home of Mr. and Mrs. G. Gould. Mr. and Mrs. Morgan proceeded, but there is difficulty in securing a hall suitable for play. The meeting opened with the fourth of Rev. H. F. Napier's talks on "A Tour Through the Acts."

SACRIFICED TO CROP GOD

Girl Guide Notes

CHEMAMUS
The September meeting of the Chemamus Girl Guide Association was held at the home of the president, Mrs. Robinson. Financial reports and expenditures were read, showing a fair balance on hand for the Fall term.

The list of requirements for both Brownie and Guides will be purchased at once. The sum of \$5 petty cash was voted to both Brownie and Guide captain for general work.

Several badges have been earned by the girls—Enrollment of Guide, which will be arranged at the October meeting.

The matter of new uniforms for several Guides was discussed, where possible changes will be made, or material given to alter, but in the case of a guide requiring a second uniform, it was felt that this was up to the parents, except where provided for in the laws.

Annual Pound Party Will Be Held at Home

Thursday, October 3, has been chosen as the date for the annual pound party of the B.C. Protestant Orphan's Home, Hillside Avenue, and an invitation has been extended to the general public by the ladies' committee to visit the home that afternoon and to assist in the work of caring for the forty children now there by bringing gifts of groceries, linen, etc.

The home was founded in 1873 on the site now occupied by the Y.V.C.A. Annex, and the present building was built in 1932. It is maintained by voluntary subscriptions.

Tea will be served at the pound party and the home will be open for inspection. It is hoped that there will be a generous response as supplies are needed for the winter.

Y.P.S. News

VICTORIA WEST

In place of the regular weekly meeting, members of Victoria West United Society were guests of the congregational meeting, with Rev. W. R. Brown as chairman. Cecil Milley, president of the society, led in the devotional period. An anthem was sung by the choir. Two delightful solos were rendered by Mrs. Angus and Mrs. Milley, also duets by Mr. Youson and Mr. MacDonald, all of which were enjoyed. Mr. Milley introduced Rev. J. H. A. Ward, who spoke on "Second-hand Religion." A vote of thanks was extended by Mr. Milley to Mr. Ward for his talk, on behalf of the young people, also by Mr. Brown on behalf of the congregation.

Mrs. Perry, who has been unable to continue with her work as Sunday school teacher and with the C.O.I., was presented with a lovely bouquet of flowers by Mrs. Mitchell, and a small token of appreciation by Mr. Mitchell. Mr. Brown followed with a short address. The young people adjourned for a few minutes to discuss the prospects of a play for the Dramatic Club, under the leadership of Mr. Neelds. Refreshments were served. Next week Mr. Moore will be in charge of the question room answers, which promise to be interesting.

Annual Pound Party Will Be Held at Home

Thursday, October 3, has been chosen as the date for the annual pound party of the B.C. Protestant Orphan's Home, Hillside Avenue, and an invitation has been extended to the general public by the ladies' committee to visit the home that afternoon and to assist in the work of caring for the forty children now there by bringing gifts of groceries, linen, etc.

The home was founded in 1873 on the site now occupied by the Y.V.C.A. Annex, and the present building was built in 1932. It is maintained by voluntary subscriptions.

Tea will be served at the pound party and the home will be open for inspection. It is hoped that there will be a generous response as supplies are needed for the winter.

VICTORIA WEST

In place of the regular weekly meeting, members of Victoria West United Society were guests of the congregational meeting, with Rev. W. R. Brown as chairman. Cecil Milley, president of the society, led in the devotional period. An anthem was sung by the choir. Two delightful solos were rendered by Mrs. Angus and Mrs. Milley, also duets by Mr. Youson and Mr. MacDonald, all of which were enjoyed. Mr. Milley introduced Rev. J. H. A. Ward, who spoke on "Second-hand Religion." A vote of thanks was extended by Mr. Milley to Mr. Ward for his talk, on behalf of the young people, also by Mr. Brown on behalf of the congregation.

Mrs. Perry, who has been unable to continue with her work as Sunday school teacher and with the C.O.I., was presented with a lovely bouquet of flowers by Mrs. Mitchell, and a small token of appreciation by Mr. Mitchell. Mr. Brown followed with a short address. The young people adjourned for a few minutes to discuss the prospects of a play for the Dramatic Club, under the leadership of Mr. Neelds. Refreshments were served. Next week Mr. Moore will be in charge of the question room answers, which promise to be interesting.

Elimination Contest Will Not Be Held

No elimination contest for the 1936 Dominion Drama Festival will be held in Victoria. It was decided at a meeting held at the home of Capt. T. L. Thorpe-Double last evening.

The following statement embodied the whole principle involved: "Instead of an elimination festival for the 1936 Dominion Drama Festival, Victoria teams will be adjudicated as part of the British Columbia Regional Festival, coming under the regional adjudicator in Victoria on the night of January 27, and, possibly, January 28.

The entrance fee for each team taking part in the sub-regional festival will be \$40, for which \$40 worth of tickets will be issued. Of any tickets sold above this amount, 20 per cent may be deducted for the funds of the organization selling such tickets."

SEEK FUNDS FOR LOCAL SHELTER

Citizens' Recreation Rooms Desperately Need Money To Continue Work

The Citizens' Recreation Rooms have for nearly four years been doing a service in the community, not covered by any other charitable organization. Located in the former Telephone office at 521 Fort Street the shelter was organized by a voluntary committee drawn from church and other organizations here.

The rooms are open daily from 9 a.m. to 10 p.m. for homeless or unemployed men, and provide a place where a man feels he has a right to go, where he has shelter from the weather and finds companionship, reading matter and games. Not once in almost four years since the rooms have been open has there been any disturbance or other abuse of the hospitality thus provided by the generosity of the public.

Jane Dixon Says:

IT IS DIFFICULT ENOUGH FOR YOUNG WOMEN TO TAKE OVER THE SOLE RESPONSIBILITY OF BRINGING UP CHILDREN WITHOUT COMPLICATING THEIR TASK BY ADDING TO THEIR BURDENS

Two young mothers in widely varying situations want to know what to do about their problems.

Both are deserving of sympathy and co-operation.

They are getting neither.

It is difficult enough for young women to take over the sole responsibility of bringing up children without complicating their task by adding to their burdens.

These two young mothers, through death and through marital disaster, are facing the duties of parenthood single-handed.

Here are their problems:

"Dear Miss Dixon:

"I am a widow of twenty-four and have two children, one three and the other one and a half years old.

"About six months after the death of my husband I met a young man, who now has been going with me for a year.

"The young man knew me before I was married. We are of different religions, but this has been discussed and settled between us.

"The trouble is that my people won't allow him in my home because of the religious difference and because they don't want a stepfather for my children. They take full possession of my life, tell me what to do and when and how to do it.

"They make me take my children with me every place I go with the young man in question, even to the picture show. He is thirty years old and says he doesn't mind the children in the least, in fact he's glad to have them so they will come to think of him as a real father.

"I wouldn't mind, either, except that I am terribly nervous and run down physically, and I need an occasional change. If only my people would stop making mean and sarcastic remarks about my young man friend, I'm sure I'd snap out of it.

"I'm paying board at home for myself and the children, as I receive a city pension. Do you think I should take the children and go to housekeeping for myself until my young man gets a steady position and we can marry? Would doing so give me a bad reputation?"

"Do you think the young man is anxious to marry after a year, and still he has no job, or do you think, perhaps, he doesn't like work? That's what my people say. They say I'll have to support him. This worries me. Also he is jealous and accuses me of flirting with men. I don't even see, which makes me feel hurt and cheap. What shall I do?—M. J."

ENTITLED TO HER OWN HOME

Answer: Set up your own household by all means. You and your children are a separate family unit and are entitled to your own home if you can afford it. Your reputation will not suffer if you conduct yourself as a self-respecting woman and a good mother should.

Thousands upon thousands of young men have been without work for longer than a year. The fact that your young man has been jobless is no criterion of his capacity or his capability for work. You will have to judge the prospects of your future by the young man's character, which you should search thoroughly. Make him understand he must overcome his groundless jealousy if he hopes to marry you.

"Dear Jane Dixon:

"I am the mother of two children, separated from my husband because of constant quarrels. Am living with my parents, who have always been kind not only to the children and to me, but to my husband.

"Despite many attempts at reconciliation, he has repudiated all my advances, refusing me money for the children on the ground that his sister, who is on the Welfare, needs it more. He is completely under his mother's influence, although at no time during our married life was she civil to either of us.

"Is this man worthy of my effort to make a home for him with our babies, or should I try to forget, as he seems to have done?—Connie."

Answer: It appears you will have to try to forget, whether you wish to or not. I would take the matter of the children to a Domestic Relations Court and let the judge decide whether they or the sister are more in need of support. No use pleading with a man who denies his duty to his children. He must be FORCED to a performance of his duty.

STORY OF NAVY IS AT DOMINION

"Annapolis Farewell" Current Feature—Strong Cast of Actors in Fine Picture

During the filming of Paramount's "Annapolis Farewell" in the United States Naval Academy at Annapolis, Md., the featured players including Sir Guy Standing, Richard Cromwell, Tom Brown, John Howard and Benny Baker, and other male members of the cast were required to live according to the strict regime of naval officers and midshipmen. The film comes today to the Dominion Theatre.

All of the actors in the film uniformly wore the uniforms of naval officers or midshipmen and were on the Naval Academy grounds from 8 or 9 o'clock in the morning until late afternoon.

Sir Guy Standing, an officer in the British Navy during the Great War, was at home in the Naval Academy but Richard Cromwell, Tom Brown and other young Hollywood actors found the strict routine of the navy quite irksome. They did

not object to saluting the officers but the rules prohibiting smoking and sitting on the grass were difficult restrictions for young men accustomed to the easy freedom of Hollywood film actors.

The players were required to take off their uniform and don civilian clothes before leaving the academy grounds and the early evening trip in autos from Annapolis to the freedom and comfort of Baltimore hotels were joyous journeys for the screen players, none of whom envied the midshipmen after observing the strict routine of their training.

COLUMBIA Society-mad mothers, mismanaged boarding schools and false standards of living are scathingly arraigned in the 11KO-Radio Picture, "Finishing School," the next attraction at the Columbia Theatre. In addition, a charming love theme runs like a golden thread through the story. Frances Dee, Billie Burke, Ginger Rogers and Bruce Cabot and John Halliday have the principal roles.

CAPITOL For the first time THEATRE since their memorable hit in "The Secret Six," Clark Gable, Jean Harlow and Wallace Berry again share starring honors in Irving G. Thalberg's production of "China Seas" for Metro-Goldwyn-Mayer. It closes today at the Capitol Theatre. The thrilling story presents Berry as an eccentric figure on the China Coast known as the "Pig King" who really is—the "brains" of a pirate crew which imperils Gable's ship.

PLAYHOUSE Three separate important anniversary occur in the month of May for Herbert Marshall, currently being seen at the Playhouse Theatre as leading man to Constance Bennett in "Outcast Lady." He was wounded in the war May 9, 1915. His birthday is May 23, and he entered motion pictures on a May 4.

PAUL ALTHOUSE GIVEN PRAISE FOR SINGING

The commanding position which Paul Althouse occupies among the world's famous tenors is easily accounted for. No matter where he sings, he never fails to give his audience a thrill of musical pleasure.

As leading tenor of the Metropolitan Opera Company for ten years, in the same capacity with the Chicago Opera Company for two years and now re-engaged by the former organization, Althouse has proved that his pre-eminence in Europe crowned his artistic growth. A noted Berlin critic wrote:

"Althouse will soon be the world's greatest interpreter of Wagnerian tenor roles."

Paul Althouse will be at the Empire Theatre on October 1.

SAYS BUSINESS IS ON UPGRADE

Newton J. Lander, Managing Director of Continental Life Insurance Co., Here

"Our business has been on the upgrade throughout 1934 and to date," was the glowing report made here on Wednesday by Newton J. Lander, Toronto, managing director of the Continental Life Insurance Company. Accompanied by W. J. Smith, also of Toronto, who is general superintendent of the company, Mr. Lander is making a business visit to the West.

Speaking of the improvement felt generally throughout Canada, the insurance head said: "I am confident the improvement is soundly based." He looks for continued improvement in his business during 1935.

Across Canada he found times have been steadily improving during the last eighteen months, and Mr. Lander considered the spirit of optimism that was expressed in many sections was justifiable clear across the Dominion.

Asked whether money was freer in the East and whether it was being called for loans and mortgages, the executive replied there was comparatively little building being done, so money was in no great demand.

Mr. Lander has been thirty-five years in the insurance business and has witnessed many developments since the days when straight "life" insurance only could be purchased.

Leaving here last night, Mr. Lander and Mr. Smith went to Vancouver, from where they will return to Toronto, via Calgary, Edmonton, Saskatoon, Regina and Winnipeg.

Team of Oxford Group to Come Here on Sunday

Word has been received by the Oxford Group Fellowship here that a team of four who have been traveling in Washington and Oregon for the past seven weeks will be in Victoria on Sunday next. Those on the team are Mrs. Maud Goddard, of Portland, who has been

in educational work in the Western States; Miss Maybelle Bancroft, of Vancouver; Reginald Harwood, boys' reform worker, of Vancouver; and Bill McPhee, well known to the college fraternity in Victoria.

This team has traveled about 1,000 miles, speaking from Portland north to Seattle and district, and west to Sequim and Sapporo logging camp on the Strait of Juan de Puen. It is also expected that sev-

eral who have returned during the last few weeks from work in the movement in England and Ireland will support the visitors and give news of the house parties which have been held there during the past Summer.

A meeting to hear this team will be held on Sunday in the Memorial Hall at 3 p.m. All interested in the work and teachings of the group will be welcome.

THE MANAGEMENT OF VARICOSE VEINS

There seems to be a tendency towards varicose veins in some families, while others are due to overweight or overlifting.

When the veins are small, cause no discomfort, no swelling or other symptom they should be forgotten as there is no need for treatment. When, however, there is discomfort or the veins are unsightly, their removal by the injection treatment or by surgery must be considered. Dr. J. B. Bobo, Gladen, Alabama, in the Alabama Medical Association Journal, describes a method now in use to find out if treatment should be given. A tourniquet (tight band) is placed around the lower part of the thigh just tight enough

to obstruct the return flow of the blood in the veins just below the surface of the skin, and the patient is allowed to walk about the room for several minutes to observe if the deep veins are working notwithstanding this band around the thigh. When there is little discomfort, no pain, no cramps, and no distinct bulging of the varicose veins, it shows that the deep veins are doing their work properly and it will therefore be safe to inject the varicose veins lying just beneath the surface of the skin.

If, however, there is pain, and the varicose veins bulge out beyond their usual size with marked discoloration of the skin, there is an obstruction to the circulation through a failure of the blood in the veins to find a channel by which to return, and the injection then of the surface veins should not be done. When the case is suitable for injection the patient sits on the end of the table with the foot resting on a small stool, and two or three injections to the veins in each leg are

made at each visit to the physician's office. The patient wears a bandage for support and reports in one week for further injections. The support of the bandage is put on the thigh to see if it gives trouble by interfering with the deep circulation of the blood—enables the patient and physician to know beforehand if the deep circulation is all right so that the injection of the varicose surface veins can be done with safety.

"I have called to see why your daughter Emily hasn't attended school lately," said the school attendance officer, as he stood at the cottage door.

"Cause I think she's learned enough," retorted Emily's mother, shortly.

"Why," exclaimed the visitor, "she only passed through two classes yet."

"Well, ain't that enough?" asked the woman. "I dunno what education is comin' to. When I was young, if a girl understood the elements of distraction, provision or repentance, an' the common dominion, an' knew

all the rivers and their tributaries, the currents and dormitories, the provinces and the empire, she was reckoned to have education enough to see her through."

Secretary of Local Longshoremen Giving Evidence At Mainland Inquiry

VANCOUVER, Sept. 26 (C)—Cross-examination of witnesses for striking longshoremen by J. W. deB. Farris, K.C., counsel for the British Columbia Shipping Federation, featured this afternoon's session of the waterfront inquiry being conducted by Mr. Justice H. E. Davis.

At one point the Shipping Federation's counsel's method of cross-examination drew an objection from Ivan Emery, president of the Longshore and Water Transport Workers of Canada, parent body of the waterfront workers on strike since June 6.

Mr. Farris questioning Daniel Dempsey, president of the Export Longshoremen's Association, on events leading up to the formation of the association last March, sought to draw an admission from the witness that his union went on strike almost immediately following contact with Emery regarding affiliation with the L.W.T.W. of C.

EMERY OBJECTS

"I object to the method of cross-examination. Is this a murder trial or an inquiry?" interjected Emery. Mr. Farris is trying to brow-beat the witness.

"Mr. Emery doesn't like this, but he may as well take it now as later on," Mr. Farris declared.

The commissioner turned to the witness and remarked that if he felt he was being brow-beaten, he could request aid from the bench.

Dempsey, answering Mr. Farris when the cross-examination continued, said his union did not go on strike because it had contacted Emery.

Thomas Bourne, secretary-treasurer of the Victoria Riggers and Transport Workers' Association, said his union was affiliated with the L.W.T.W. of C.

The September issue of "Sea Lore," published at Vancouver, has been on the local newsstands for a couple of weeks past. This monthly publication, containing a wide variety of stories and articles, all salt water flavored.

Probably the most interesting portion of September "Sea Lore," at least as far as Victorians are concerned, is the article by Norman MacLeod on "British Columbia's Pioneer Navigators," in which considerable space is devoted to Captain John Irving and his father, Captain William Irving.

BORN IN 1852

It was in the year 1852 that the British-born John W. Carter, in command of Captain William Irving, a native of Annapolis, Dumfriesshire, rounded Cape Horn and reached the Columbia River, where her master went ashore to establish a shipping business at Portland in 1849.

There Captain John was born on November 24, 1852, which month he is now eighty-three years of age. In 1868 the Irvings moved to New Westminster, where John went to school for a time, finishing his education in Victoria when he reached the age of sixteen. He decided to go to sea, so the article states, and shipped before the mast of the ship Agulla bound for Australia.

Returning to New Westminster, where he boarded one of the boats his father was operating on the Fraser River as a deckhand. He learned the business from the bottom up, and at the age of twenty he was in command of the Onward.

SERVED LONG TIME

Captain John's career was more or less identified with shipping on the British Columbia Coast until he retired from active association with shipping in 1901, when the Canadian Pacific Navigation Company, in which he had been the prime mover in organizing and operating for a number of years, was purchased by Canadian Pacific Steamships.

Although not being actively identified with shipping, Captain John still has other interests which keep him active, and he is a familiar figure in Vancouver, where he makes his home, occasionally coming to Victoria, where he is always sure of a warm welcome by his old-time friends.

"See Chanties," by Captain H. Gray Jarvis; "Where Memories of Sail Still Linger," by J. Wyllie; "Lunenburg," by Captain L. R. Beavis; "Castaway Japanese Junk Discover America," by Arthur A. Woolcott; "P.R.G.S.: Tracking the Treasure of Cocos Island," by the editor; "Six Men in a Boat," by Leslie W. Rimes; and "A Modern Odyssey," by S. Lancaster, are among the other features.

Owners of Freighter Seek to Recover \$3,000 From Pilot A. J. Gilbert

VANCOUVER, Sept. 26 (C)—Owners of the British 5,573-ton freighter Ethel Radcliffe claimed \$3,000 in British Columbia Supreme Court today from Arthur J. Gilbert, Victoria pilot, for damage occasioned the steamer December 29, 1933. The trial will resume next week.

The Ethel Radcliffe of London, owned by Anthony Radcliffe Steamship Co. Ltd., and Ethel Radcliffe Steamship Co. Ltd. of Cardiff, Wales, was proceeding at the time from the Assembly wharf in Port Alberni to the Alberni Pacific Lumber Company's wharf, Port Alberni, to load lumber.

It is alleged the freighter, while in sole charge of Captain Gilbert, stranded on a reef near St. Katherine Point. The freighter's stern and bottom were damaged and the forepeak tank was flooded. Repairs and expenses cost the plaintiff \$16,264.

Alfred Bull, who appeared for the plaintiff, explained his clients did not wish a large judgment, assuming they were successful, hanging over Captain Gilbert. It was more a matter of principle than of damages, he stated, as a large number of British ships used the St. Katherine Point was not in position at the time.

"SEA LORE" IS INTERESTING

Current Number of Mainland Publication Features Capt. John Irving

The September issue of "Sea Lore," published at Vancouver, has been on the local newsstands for a couple of weeks past. This monthly publication, containing a wide variety of stories and articles, all salt water flavored.

Probably the most interesting portion of September "Sea Lore," at least as far as Victorians are concerned, is the article by Norman MacLeod on "British Columbia's Pioneer Navigators," in which considerable space is devoted to Captain John Irving and his father, Captain William Irving.

BORN IN 1852

It was in the year 1852 that the British-born John W. Carter, in command of Captain William Irving, a native of Annapolis, Dumfriesshire, rounded Cape Horn and reached the Columbia River, where her master went ashore to establish a shipping business at Portland in 1849.

There Captain John was born on November 24, 1852, which month he is now eighty-three years of age. In 1868 the Irvings moved to New Westminster, where John went to school for a time, finishing his education in Victoria when he reached the age of sixteen. He decided to go to sea, so the article states, and shipped before the mast of the ship Agulla bound for Australia.

Returning to New Westminster, where he boarded one of the boats his father was operating on the Fraser River as a deckhand. He learned the business from the bottom up, and at the age of twenty he was in command of the Onward.

SERVED LONG TIME

Captain John's career was more or less identified with shipping on the British Columbia Coast until he retired from active association with shipping in 1901, when the Canadian Pacific Navigation Company, in which he had been the prime mover in organizing and operating for a number of years, was purchased by Canadian Pacific Steamships.

Although not being actively identified with shipping, Captain John still has other interests which keep him active, and he is a familiar figure in Vancouver, where he makes his home, occasionally coming to Victoria, where he is always sure of a warm welcome by his old-time friends.

"See Chanties," by Captain H. Gray Jarvis; "Where Memories of Sail Still Linger," by J. Wyllie; "Lunenburg," by Captain L. R. Beavis; "Castaway Japanese Junk Discover America," by Arthur A. Woolcott; "P.R.G.S.: Tracking the Treasure of Cocos Island," by the editor; "Six Men in a Boat," by Leslie W. Rimes; and "A Modern Odyssey," by S. Lancaster, are among the other features.

Owners of Freighter Seek to Recover \$3,000 From Pilot A. J. Gilbert

VANCOUVER, Sept. 26 (C)—Owners of the British 5,573-ton freighter Ethel Radcliffe claimed \$3,000 in British Columbia Supreme Court today from Arthur J. Gilbert, Victoria pilot, for damage occasioned the steamer December 29, 1933. The trial will resume next week.

The Ethel Radcliffe of London, owned by Anthony Radcliffe Steamship Co. Ltd., and Ethel Radcliffe Steamship Co. Ltd. of Cardiff, Wales, was proceeding at the time from the Assembly wharf in Port Alberni to the Alberni Pacific Lumber Company's wharf, Port Alberni, to load lumber.

It is alleged the freighter, while in sole charge of Captain Gilbert, stranded on a reef near St. Katherine Point. The freighter's stern and bottom were damaged and the forepeak tank was flooded. Repairs and expenses cost the plaintiff \$16,264.

Alfred Bull, who appeared for the plaintiff, explained his clients did not wish a large judgment, assuming they were successful, hanging over Captain Gilbert. It was more a matter of principle than of damages, he stated, as a large number of British ships used the St. Katherine Point was not in position at the time.

Chicago-St. Louis Fixture Rained Out—Double-Header Billed Today

"Dizzy" Dean Will Try to Keep Cards In Pennant Chase

St. Louis Mound Ace to Get Pitching Assignment In First Game of Crucial Twin Bill With Ram-paging Cubs—"General" Bill Lee Will Do the Mound Work for Chicago

HE torrid National pennant race remained in status quo today as rain washed out the second game of the crucial Cubs-Cards series.

The washout failed to help the trailing Cardinals, however, as they still must win all the four remaining games to tie the rampaging Braves for the title.

Even if one of the remaining contests is not played, it will mean that the Cubs take the pennant as they hold a four-game margin over the world champions on the losing side.

Here is how they stand:

DOUBLE-HEADER TODAY

ST. LOUIS, Sept. 26 (P)—Rain-fall, as steady as the march of the

carefree Chicago Cubs, washed out

Charlie Grimm's plans to clinch the

National League pennant today

and gave the four-down-and-four-

to-go St. Louis Cardinals a merciful

rest for a double-header rally to-

orrow.

The final hopes of the world's

champions will be the Dean

brothers in tomorrow's twin bill,

starting at 11:45 a.m., M.S.T. Given

the "amazing" record of four days

rest, Dizzy will face all he's got in

a desperate attempt to snap the

Cub nineteen-game winning streak

in the opener. If he succeeds,

brother Paul, at his own request,

will pitch the second, should Bill

General Dizzy fail, it will be over.

"General" Bill Lee, giant right-

hander whom the Cubs purchased

from the Cardinals farm at Colum-

bus two years ago for \$3,000, will

oppose Dizzy in a mound duel that

promises to be as exciting as the

victorious 1-0 battle of Lonnie

Warneke over brother Paul yester-

day. Following Lee will be the

veteran Charlie Root, whose revived

right arm has been one big reason

for the sensational drive of the

Grimm men. Dizzy, somewhat

tamed, but nevertheless cocksure,

said he would stop the mad Cub

rush and win his twenty-ninth in

the first game.

"Yah, they're good, those Cubs,"

said Dizzy, "but ol' Diz will stop

them."

AMERICAN LEAGUE

NEW YORK, Sept. 26 (P)—Making

the most of their seven blows

while Johnny Murphy was keeping

the Senators' ten hits well scat-

tered, the New York Yankees

turned back Washington, 4-2, for

their seventh straight victory in the

only game played in the major

league today.

Joe Glenn drove in the Yanks'

first pair of runs in the first inning,

connecting with a single with the

bases full. In the second Ben

Chapman came through with a

double with the sacks again loaded

to drive in the other two tallies.

Buddy Myer was the only Senator

that caused Murphy any trouble as

the former Red Sox pitcher

star hung up his tenth victory. The

veteran Washington infielder drove

out four hits, one a home run in

the seventh with Mihalic on base

to score the Senators' two runs.

The victory gave the Yankees, the

season's series, fifteen games to

seven.

SAN FRANCISCO, Sept. 26 (P)—

Los Angeles defeated San Francisco

Seals, 4-3, today in the third game

of the championship play-off series

to determine the 1935 Pacific Coast

League baseball pennant winner.

Beaten the first two contests, the

Angels came back to outwit their

local rivals in a contest featured by

the individual attack work of Gene

Lillard and Joe Di Maggio, leading

home run hitters of the league—

Lillard, Angel third sacker, twice

clouted the ball over the left field

fence.

The first mix will start

at 8 o'clock. Another big

crowd is expected to attend.

Louis Callan will referee the

Eight Bouts Are Carded Tonight At Mt. Stephen

WITH Ed Dunc opposing

Vic Stevens in the five-

minute - round main

event, eight bouts will be

presented this evening by the

Mount Stephen Athletic Club

at its popular stadium, Mount

Stephen Avenue. Dunc and

Stevens are two of Victoria's

most promising wrestlers and

when they get into the ring

there is always plenty of

action. Two other grappling

matches and five boxing bouts

will round out the attractive

card. The first mix will start

at 8 o'clock. Another big

crowd is expected to attend.

Louis Callan will referee the

bouts.

BRADDOCK IS PREPARED TO BATTLE LOUIS

Heavyweight Champion Declares He Can Beat Sensational Detroit Fighter

CHICAGO, Sept. 26 (P)—James J. Braddock, world's heavyweight champion, says Joe Louis can be licked.

"And," he blurted, "I think I am the guy to do it."

Braddock, arriving in Chicago today to referee a wrestling match, was a little heated over remarks hailing the brown bomber as the "unofficial" champion.

"I am ready for Louis," he said, "and hope to get him for my next fight in June. How will I fight him? I cannot outline my campaign for you today, but I'll say this: I will keep on top of him all the time. I have a good left hand, and I think I can nail him with a good right cross when he is open, and Louis is wide open for a good right."

"What about Maxie's crack that Louis never will get a shot at the title," Braddock was asked.

"Say for me that Max doesn't know what he is talking about."

SCARED TO DEATH

Braddock, who fought his way from the relief rolls to win the world's championship from Baer three months ago, said Baer was scared to death when he crawled into the ring to face the Detroit bomber Tuesday night.

"That goes for Camera and Levisky, too. They were all scared to death. They looked like they were tied to a horse. That doesn't go for me, though."

"Louis hasn't met any opposition yet. Baer tried to fight me, but he didn't try to fight Louis. Max Schmeling will cause Louis a lot of trouble with his left hand if they ever get together."

"Nobody expects any trouble from me until they get it," Braddock replied. "And Louis will get it. He leaves himself wide open for a right, nobody has hit him yet, and you can't tell whether he can take it or not. They'll find out all about that when he gets in there with me."

"Hey, champ," yelled one of his admirers. "I understand Louis says he doesn't expect any trouble from you."

"Nobody expects any trouble from me until they get it," Braddock replied. "And Louis will get it. He leaves himself wide open for a right, nobody has hit him yet, and you can't tell whether he can take it or not. They'll find out all about that when he gets in there with me."

TERRIERS WIN EASTERN CANADA LACROSSE TITLE

MANN CUP HOLDERS DEFEAT VERDUN IN DECIDING FIXTURE

Orillia Stickhandlers Chalk Up 13-4 Victory Over
Quebec Champions in Second Encounter—
Won Initial Match at Montreal, 19-6—
Heading West in Defence of Trophy

ORILLIA, Ont., Sept. 26 (C)—Orillia Terrers tonight won the Eastern Canada lacrosse championship, defeating Verdun, Quebec champions, 13-4, in the second straight game of the series. The Terrers, holders of the Canadian title in 1934, won the first game in Montreal, 19-6, and will now move west to continue defence of their title.

The fast, machine-like play of the champions stopped the Quebec

team at the start, the Terrers shipping in six goals in the first period without a reply. Verdun rallied strongly in the second, scoring the only two goals of the period, but a three-quarter time Orillia was in front, 10-3.

In the final period the visitors sent their team up on the attack but could gather only one more tally, leaving themselves open to swift thrusts of the Terrers, who drove in three more markers.

GOALIE IS GOOD

Wheaton, junior goalie for Verdun, stood up well under the bombardment. He replaced Gamidge, out with a broken thumb.

Munro and Pethick each scored three goals for the champions, while Mariel accounted for two of the visitors' four tallies. Currie and Carter getting the others.

The Terrers will leave Sunday morning for the West, playing a game in Winnipeg and it successful continuing on to Vancouver to defend their ownership of the Mann Cup. Nineteen men will make the trip.

THE TEAMS

Verdun—Goal, Wheaton; defence, Mullins, McCormick; centre, Harvey; rover, Paquette; wings, Martel, E. Green; subs: Wheatley, Osborne, Currie, G. Green, Lennon, Holberg, Campbell, Carter.

Orillia—Goal, Hall; defence, Scott, Malott; centre, L. Wilkes; rover, W. Wilkes; wings, W. Wilson, W. Curran; subs: Munro, McLean, Boettger, E. Curran, Downey, Pethick, Kelly, Cavallo.

Officials: Bruce Leighton and Clary Brennan, Toronto.

BADMINTON CLUB OFFICERS NAMED

J. C. MacDonald Is President of
The Willows Netters—Play Opens
October 2

At the annual meeting of the Willows Badminton Club, held recently in the Oak Bay Municipal Hall, J. C. MacDonald was elected president. The session was well attended, and the club officials look for another big season.

Officers elected for the coming season are as follows: Honorary president, Col. G. A. Phillips; honorary vice-president, Col. R. S. Worsley; president, J. C. MacDonald; vice-president, H. C. Holmes; secretary, J. P. Phillips; committee, Miss M. French, Miss B. Nelson, Miss I. Benson, H. B. Witter, G. H. Walton and R. A. Phillips.

Up to date the club's membership exceeds the 200 mark, including a great number of juniors. Eight courts are available for play on Monday, Wednesday and Friday evenings, and on Tuesday, Thursday and Saturday afternoons.

Play will begin on October 2, and any person wishing to join is asked to get in touch with the secretary, telephone E 4886.

Junior play will start on Saturday morning, October 5. All juniors wishing to join should be at the club at that time.

Wins Lipton Trophy For Second Year

LEWIS CARLISLE

TWENTY-one-year-old Long Islander from East Lillip, who won all three heats in the Lipton Trophy outboard motor boat event over a Schuykill River course, proudly displays the coveted trophy. He clocked 32.848, 32.396 and 31.074 miles per hour, as against the world's record outboard mark of 33.444 miles per hour. He is the only man to capture the trophy two years in succession.

Set at Victoria Club

The qualifying round over eighteen holes under handicap in the Challenger & Mitchell Cup Series will be played on Sunday at the Victoria Golf Club.

The sixteen players returning the low net scores will be drawn for match play to compete for the trophy. In case of a tie for the last place to qualify, a full round must be played to decide who qualifies. If handicaps are equal, one or more holes will be played.

The competitors, other than the first sixteen, shall be divided into flights, and will be drawn in the same way as the initial sixteen. The draw will be made as soon as the qualifying round is finished. All matches will be eighteen holes. Three-quarters of the difference in handicaps will be allowed in flight play-offs.

Prizes will be given to the cup winner, the runner-up and the winners of the various flights. A prize will be given to the competitor carding the lowest net score in the qualifying round. Post entries will be accepted. Competitors will select their own opponents and playing time for the qualifying round.

The first round of all flights must be played by October 13, the second round by October 20, the third round by October 27, and the finals by November 4.

PEDEN EIGHTH IN BIKE STANDINGS

TORONTO, Sept. 26 (C)—A. Croxley, of Boston, and Jimmy Walthour, of New York, are the most successful six-day bicycle riders of 1935, according to statistics released here today—and the American pair have won success together.

As a team they won two events at Los Angeles and at Pittsburgh, and collected enough other points by placing high on final nights to stand one-two in the compilation for the year. Croxley won his third event with "Torchy" Peden, Victoria red-head, as his partner.

With three firsts, two seconds and a third, Croxley leads the bikemen with 23 points. Walthour is second with 16, one more than the totals made on this continent by Alfred Letourneur, of France; Franco Georgetti, of Italy; and Piet Van Kempen, of Holland.

Peden, the sport's most colorful figure, has won only two races in 1935, and is tied for eighth place in the standing with Jackie Sheehan, of San Francisco.

Peden, with two firsts and two fourth places, has 12 points.

Five points were given for first place, three for second, two for third and one for a fourth.

WINS HARPER CUP

DUNCAN, Sept. 26—Mrs. H. N. Watson was winner of the Harper Cup at the Cowichan Golf Club when the yearly medalist was decided. Mrs. Watson went around in 80, handicap 10, net 79. Other monthly medalists competing were Mrs. F. G. Alderley, Mrs. J. Longbourne, Mrs. Boyd-Wallis, Mrs. A. C. Johnston, Mrs. W. Prest, Miss P. Carr Hilton, Miss D. Peterson, Miss G. Beaver and Miss I. Clark. Mrs. T. A. Havemeyer and Miss Eileen Povel, who were eligible, were unable to compete.

Leading Victoria Players Will Seek Provincial Crown

Phil Taylor, Freddie Clunk and Jimmy Todd Will
Tee-Off in Championship Meet—Joe Pryke
Expected to Enter—Don Sutherland
Is Defending Titleholder

VANCOUVER, Sept. 26 (C)—More than two score pros and amateurs, the pick of British Columbia's golf-dom, will click their way over the alternately flat and hilly Quilchena course today in search of the British Columbia men's golf title.

Starting at 9 a.m. the field will play thirty-six holes with another thirty-six, Saturday, the seventy-two-hole medal.

Some to decide the new holder of the title, until last year shared by the Taylors of Victoria and the Blacks of Vancouver.

In the van will be Phil Taylor, Victoria's Oak Bay Club pro, along with Freddie Clunk, of George Vale, and Jimmy Todd, another Victorian. Joe Pryke, pro at the Royal Colwood Course, Victoria, is expected to enter before teeing off time today.

Dave Black and his son, Ken, will tee off along with the Mainland

hopes, including Jimmy McLarnin, former welterweight champion.

For eight years the Taylors and the Blacks divided the championship between them, with Phil-winning the crown in 1933. Last year Don Sutherland, of Vancouver, broke the Taylor-Black monopoly by winning the trophy at Victoria.

Sutherland, the champion, will be paired with E. Walls, of Vancouver, for the first round. Phil Taylor, favored Victoria professional and former champion, is paired with George Thomas, Vancouver, and Jimmy Todd, prominent Capital City amateur, is paired with Fred Wood, Vancouver and Peace Portal professional. Fred Clunk, Victoria, and R. Dickinson, Vancouver, will go around together.

Jimmy McLarnin, former welterweight champion, is paired with Harry Winder, University pro. In addition to Sutherland, other leading Vancouver threats are Dunc Sutherland, Benny Colk and Dave Black, among the pros, and Ken Black, Stan Leonard and Ted Charlton among the amateurs.

Post entries will be accepted on the tee and, although several leading players of the province were missing, it was possible they would yet enter.

There arrived from Vancouver yesterday between thirty and forty sturdy athletes, trained to the minute and intent on carrying off the titles in the British Columbia championship meet, which takes place this afternoon in connection with the local exhibition.

Fully half of the eighty odd competitors are from outside points and the majority come from the Terminal City. Without a doubt the fight, as usual, is to be between the Mainland and the Island. However, Victoria boys are ready and it is highly probable, in the opinion of those who have been carefully following the course of events, that this city will succeed in more than holding its own.

NEW YORK—Hal Chase was appointed manager of the New York Americans by President Frank J. Farrell today, to succeed George E. Stallings, deceased. Mr. Farrell wired Chase to take charge of the team this afternoon after Stallings had been paid up in full to date of expiration of his contract. Stallings had nothing to say regarding his removal from the management of the team. Chase, the new manager, has been with the club since 1903. He is the fourth manager entrusted with the handling of the team.

Pat Fletcher, the other finalist, played steady golf from tee to green, and after his morning round, when he defeated L. Baker, 4 and 3, he came back in the afternoon and disposed of Bert Hines by the same route.

H. Price won the medal honors after a play-off with Douglas Todd in the qualifying round flight and Todd shot eighty-nine.

The handsome Mrs. David Spencer Trophy will go to the winner of the championship flight, with special prizes for the other flight winners.

The tournament will be brought to a close this evening at a banquet to be held at the Douglas Cafe, when the prizes will be presented.

Victoria Rider Thrown From His Machine in Night
of Hectic Jamming at Toronto—Team of
Fielding-LePage Now in Lead

TORONTO, Sept. 26 (C)—A night of hectic jamming in Toronto's six-day bike race saw big "Torchy" Peden, of Victoria, B.C., and his partner on the Maple Leaf Hockey Club team, Jules Audy, of Montreal, go toppling to near the bottom of the standing, while Reggie Fielding and Henry Le Page, former cellar occupants, clambered to the top.

Peden did more than topple figuratively. When his front wheel overlapped that of "Polly" Parrott's bike, the husky redhead from the Pacific Coast toppled to the infield and banged his head against

an upright. He was not seriously hurt and continued in the race.

Fielding and Le Page at the thirty-seventh hour of the race had gone 1,667 miles and six laps. They were credited with 1,805 points. The German-Swiss combination of Miethe and Zach traveled the same distance, but had only 1,705 points.

A lot of the larger surface ships of the U.S. navy carry spotting planes, used to direct artillery fire against targets over the horizon which cannot be seen by the gunners on the ship. These planes are "shot" from catapults and after completion of their mission land on their pontoons, later to be picked up by their ship.

In mid-ocean the water often gets too rough for these relatively small two seaters, despite the fact that their float construction is built to withstand heavy landings in rough seas. Seaplanes, like all heavier-than-aircraft, must land into the wind. Unfortunately the

MUSIC TEACHING TO BE RESUMED

Four Part-Time Instructors In Schools—Unanimously Appointed by Board

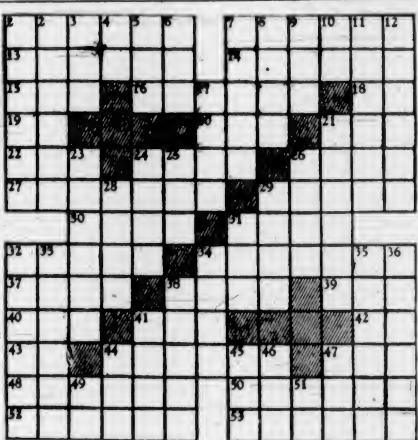

Re-establishment of musical education in the elementary schools on a provisional basis was decided upon at yesterday's special meeting of the city school board.

Frank Tupman, leader of the Victoria High School choir; Mr. Hart, Miss Isabelle Pike and Miss Barbara Fraser were appointed to take over the duties of musical education teachers in the elementary schools on a part-time basis.

The schools, under the new proposal, will be divided into four groups. One group will be confined to primary grades, which will take care of all the small schools. The larger schools will be divided into three groups with a teacher for each group so that more personal attention can be given to the instruction of students in choral and other musical studies.

"HOT" CARGO NOT MOVING

Disputed Freight Lying on San Francisco Wharves—Suspending Employees

SAN FRANCISCO, Sept. 26 (CP).—Longshoremen's fight to handle so-called "hot" cargo were again demanded by the San Francisco Waterfront Employers' Association today in the "show down" dispute that has been placed before M. C. Siosa, Government-appointed referee, for decision.

Thomas C. Plant, president of the Employers' Association, also called on the International Longshoremen's Association for sufficient men to put the "six-hour day" in effect in fact instead of theory. He announced that when "authenticated claims" are presented the employers would pay retroactive wages to dock workers as provided in the agreement awarded by a Federal board after last year's maritime strike.

Part of the disputed cargo was unloaded from a barge of the river lines, operating on the bay and rivers, which has been involved in bargemen's strike. The remainder was from the Santa Cruz Packing Company, where union workers have been on strike.

Plant's six-hour day and retroactive pay announcement was in response to I.L.A. charges that the employers had failed to comply with terms of the award agreement.

BACK CLAIMS HEAVY
The back claims of longshoremen for overtime work have been variously estimated to total from \$350,000 to \$500,000.

Plant charged that the I.L.A. had prevented compliance with the six-hour day provision by failing to supply sufficient men. He said the union had insisted on the men working eight hours, with two hours overtime pay.

The employers called on the union to provide thirty-six gangs to handle the "hot" cargo. Plant said men, refusing to answer the call, would be added to the list "suspended" from further employment on the waterfront.

BOOK IS TRAGIC PERSONAL RECORD
Lawrence's "Seven Pillars of Wisdom" to Be Published in United States Today

NEW YORK, Sept. 26 (AP).—T. E. Lawrence's "Seven Pillars of Wisdom," perhaps the most tragic personal record since the war, is to be published tomorrow.

Excerpts of the text compiled by Lawrence in 1926 in book form became familiar to thousands of readers as "Revolt in the Desert." This abridgement was published by Lawrence at the urging of friends to finance a private edition of the "Seven Pillars," the complete record of the stirring British campaign in Arabia against the Turks.

Although Lawrence's dissatisfaction with the cause and results of the campaign in which he played so unique a part was well known before publication of "Seven Pillars," the poignancy of his feel-

Cyclists Must Equip Machines With Headlights

All bicycles must be equipped with rear reflectors and headlights, which must be turned on with the approach of darkness, was the order issued by Police Chief Thomas Healey yesterday. Flashlights carried in the hands of riders are not sufficient, he said. Cyclists failing to comply with this order will be summoned. It is urged by the police chief that white patches be painted on the rear mudguards of all machines, as an additional safety measure.

ing is evidence in such phrases as these:

"Next day we moved into Azrak, having a great welcome, and boasting—God forgive us—that we were victors—yet hardly one day in Arabia passed without a physical ache to increase the corroding sense of my accessory deceitfulness towards the Arabs."

In 1922-26, while the disillusioned Lawrence attempted to bury himself in the British Tank Corps and the Royal Air Force, he condensed the work and had a limited edition printed. This was the version abridged to make "Revolt in the Desert."

Lawrence permitted "Seven Pillars" to be published in the United States to protect copyright, but at \$20,000 a volume to prevent sale. On Lawrence's death recently in a motor-cycle accident, released "Seven Pillars" for general circulation.

FILMS GRIZZLY BEAR IN ACTION

Member of Big Game Expedition in North Finds Real Life Drama

EDMONTON, Sept. 26 (CP).—Eight feet of enraged grizzly bear reared on its hind legs and clawing the air savagely in front of a motion picture camera made "a real-life drama" sufficient to pale any scene faked in Hollywood, a party of five big game hunters from the United States related today on their arrival here from the Grande Prairie district.

While Dr. A. V. Denman, Marketa, Minn., fired lead into the grizzly which the hunters found devouring the carcass of a caribou, they had shot, P. A. Prishrow, president of the National Bank of Mankota, ground away faithfully with his camera to get a complete "close-up" of the brute's death fight.

The hunters spent twenty-one days in the mountains 125 miles south of Grande Prairie.

HON. F. G. T. LUCAS IS LAID AT REST
Member of British Columbia Supreme Court Bench Buried At Vancouver

VANCOUVER, Sept. 26 (CP).—Funeral services for Mr. Justice Frederick G. T. Lucas, of the British Columbia Supreme Court Bench, who died Tuesday, were held today under the auspices of Westminster United Church at 3 P. M., with interment in the family plot at Mountain View Cemetery.

Honorary pallbearers were Chief Justice Aulay Morrison, Mr. Justice Denis Murphy, Mr. Justice D. A. McDonald, Mr. Justice A. J. Fisher and Mr. Justice H. B. Robertson.

Active pallbearers were Judge A. M. Harper, Robert McKee, G. V. Pearce, G. F. Scott, Sidney Smith and Stanley McKee.

Impressive floral tributes bore testimony to the respect in which he was held.

ROME IS DEMANDING FREEDOM OF ACTION

They said they would like to see the report of the League council before replying, but by referring to Italy's often expressed position they implied it was not necessary to see a possibility of Mussolini's promising to defer his Ethiopian expedition until December 4.

WORD FLEDGED
DERBY, Sept. 26 (CP).—J. H. Thomas, Dominions secretary, tonight told the Associated Chambers of Commerce: "We have reached the stage where differences between the nations must be settled under the table by peaceful, conciliatory means or by brute force."

"We believe civilization is dependent on this issue."

"We British people have entered an obligation and given our word to fulfill and discharge our pledged word. It is not an issue between Italy and ourselves. We have long been friends and we want to remain so."

"It is that great desire for peace which guides, influences and dictates British policy at this moment and we are proud to hear our self-confident Dominions, free and unfettered, say with one accord 'we stand behind the Mother Country.'"

was given France today, authoritative sources said tonight. A letter—answering a French question based on anxiety over the security of Austria was presented to Charles Corbin, French Ambassador, by Sir Robert Vansittart, permanent under-secretary of the Foreign Office.

This assurance was understood to have been promised to Premier Laval of France by Sir Samuel Hoare, Foreign Secretary, when the two conferred at Geneva. Following that meeting, Premier Laval made a strong speech supporting the British stand behind the League Covenant in the Italo-Ethiopian dispute.

Winston Churchill, former Chancellor of the Exchequer, in a double-barreled warning today cautioned Premier Mussolini to weigh the risks of sinking his head in a trap in Africa and advised the world to keep an eye on rearming Germany.

How It Started
By JEAN NEWTON

TO BEAT HOLLOW To "beat anybody or anything

hollow—or, as we sometimes find it—"all hollow"—is to defeat him so convincingly, to do the job so thoroughly, and beyond question that none can quibble or cavil. In this phrase as in many others, words do not mean what they say, they do not say what they mean, and therefore they must not be taken at face value. Here, "hollow" is a corruption of "holly" for totally or fully, to beat wholly, or as a corrupted "holly" being to beat quite completely. We have the expression from the work "High Life Below Stairs" by James Townley, published in 1799.

The man who wants to see in his mirror how he will look in his holiday suit.—Lustige Sachse, Leipzig.
